

The only items you should have at your seat at start of examination are:

- An approved calculator (not a “smart” device)
- The Scantron 95677 form for marking answers
- A No. 2 pencil and eraser to make erasures in case you make mistakes

What is provided for you:

- The exam on two printed pages—double-sided—covering 2.5 pages, with a blank sheet for scratch calculations (you can keep these after the exam)
- The Green and Yellow reference sheets (please return these after the exam)

**Do NOT have a smart phone/device at all in your hands or in view. It is a violation of College rules & policies.**
